About this compilation

This compilation

This is a compilation of the *Illegal Logging Prohibition Regulation 2012* that shows the text of the law as amended and in force on 30 November 2014 (the *compilation date*).

This compilation was prepared on 1 December 2014.

The notes at the end of this compilation (the *endnotes*) include information about amending laws and the amendment history of provisions of the compiled law.

Uncommenced amendments

The effect of uncommenced amendments is not shown in the text of the compiled law. Any uncommenced amendments affecting the law are accessible on ComLaw (www.comlaw.gov.au). The details of amendments made up to, but not commenced at, the compilation date are underlined in the endnotes. For more information on any uncommenced amendments, see the series page on ComLaw for the compiled law.

Application, saving and transitional provisions for provisions and amendments

If the operation of a provision or amendment of the compiled law is affected by an application, saving or transitional provision that is not included in this compilation, details are included in the endnotes.

Modifications

If the compiled law is modified by another law, the compiled law operates as modified but the modification does not amend the text of the law. Accordingly, this compilation does not show the text of the compiled law as modified. For more information on any modifications, see the series page on ComLaw for the compiled law.

Self-repealing provisions

If a provision of the compiled law has been repealed in accordance with a provision of the law, details are included in the endnotes.

Part 1—Preliminary

1 Name of regulation

This regulation is the *Illegal Logging Prohibition Regulation 2012*.

3 Definition

In this regulation:

Act means the *Illegal Logging Prohibition Act 2012*.

country specific guideline means a guideline prescribed in Part 2 of Schedule 2.

Note: See paragraph 12(1)(a).

State specific guideline means a guideline prescribed in Part 3 of Schedule 2.

Note: See paragraph 21(1)(a).

timber legality framework means a framework prescribed in Part 1 of Schedule 2.

Note: See paragraphs 11(1)(a) and 20(1)(a).

Part 2—Importing

Division 1—Importing illegally logged timber

5 Regulated timber products

For subsection 9(3) of the Act, the timber products listed in Schedule 1 are prescribed.

6 Regulated timber products that are exempt

- (1) For paragraphs 12(d) and 13(d) of the Act, the following things, or parts of things, are prescribed as exempt:
 - (a) a regulated timber product that is entirely made from recycled material;
 - (b) if a regulated timber product is partially made from recycled material—the part of the regulated timber product that is made from recycled material;
 - (c) a regulated timber product that is imported as part of a consignment if the combined value of the regulated timber products in the consignment, on import, does not exceed \$1 000.
- (2) In this section, timber in a regulated timber product is recycled material if:
 - (a) the material has been, or has been part of, another product; and
 - (b) at the time the material was removed from that other product, that product was no longer used for its intended purpose and was considered to be waste; and
 - (c) the material has been used as a raw material in the regulated timber product.
- (3) However, material in a regulated timber product is not recycled material if the material is the by-product of a manufacturing process.

Example: Sawdust or off-cuts from sawn timber used to make particle board or medium density fibreboard.

6A Regulated timber products that are partially exempt—due diligence requirements not required

- (1) This section applies in relation to a regulated timber product that is partially made from recycled material.
- (2) The due diligence requirements prescribed in Divisions 2 and 3 do not apply to that part of the regulated timber product that is prescribed by section 6 as exempt.

7 Customs declaration

For paragraph 13(c) of the Act, the form of a declaration to the Customs Minister about a person's compliance with the due diligence requirements for importing a regulated timber product is a declaration to that effect included in an import entry lodged in accordance with the *Customs Act 1901*.

Division 2—Due diligence requirements for importing regulated timber products

8 Purpose of Division 2

For subsection 14(1) of the Act, this Division prescribes the due diligence requirements for importing regulated timber products.

9 Importer to have due diligence system

- (1) An importer must, before importing a regulated timber product, have a due diligence system.
- (2) For subsection (1), the due diligence system must:
 - (a) be in writing; and
 - (b) set out the process by which the importer will meet the due diligence requirements mentioned in this Division that apply to the import of the regulated timber product; and
 - (c) contain the following information:
 - (i) the importer's business or company name and ABN or ACN;
 - (ii) the importer's street address and postal address;
 - (iii) the principal business activity conducted by the importer; and
 - (d) include the following information about the person responsible for maintaining the system:
 - (i) the person's name and position;
 - (ii) the person's contact details, including telephone number and email address; and
 - (e) include a written record of the system.

Civil penalty provision

- (3) An importer is liable to a civil penalty if the importer contravenes subsection (1).

Civil penalty: 100 penalty units.

10 Due diligence requirements—gathering information

- (1) An importer must, before importing a regulated timber product, obtain as much of the information about the product mentioned in subsection (2) as it is reasonably practicable for the importer to obtain.
- (2) The information is the following:
 - (a) a description of the regulated timber product, including:
 - (i) the type of product, and the trade name of the product; and
 - (ii) the common name, genus or scientific name of the tree from which the timber in the product is derived;
 - (b) the country, the region of the country and the forest harvesting unit in which the timber in the product was harvested;
 - (c) the country in which the product was manufactured;
 - (d) the name, address, trading name, business and company registration number (if any) of the supplier of the product;
 - (e) the quantity of the shipment of the product, expressed in volume, weight or number of units;
 - (f) the documentation provided, or that will be provided, by the supplier in relation to the purchase of the product;
 - (g) if a timber legality framework applies to the timber in the product, or the area in which the timber is harvested—a copy of the licence or certificate issued to the harvester of the timber, or other relevant person in relation to the timber, that provides evidence of compliance with the standards or requirements of the framework;
 - (h) if a country specific guideline applies to the timber in the product, or the place in which the timber is harvested—the information or evidence (such as a certificate, licence or other document) relating to the product that the guideline requires the importer to obtain;

Part 2 Importing

Division 2 Due diligence requirements for importing regulated timber products

Section 11

- (i) evidence that the product has not been illegally logged, which, without limiting the evidence, may include evidence about:
 - (i) whether the harvesting of the species of tree from which the timber in the product is derived is prohibited in the place where the timber has been harvested; and
 - (ii) if the harvesting of the timber in the place is authorised by legislation (including regulations)—whether the requirements of the legislation have been met for the harvesting of the timber; and
 - (iii) if payment is required for the right to harvest the timber—whether that payment has been made; and
 - (iv) if a person has legal rights of use and tenure in relation to the place in which the timber is harvested—whether the harvest of the timber is inconsistent with the law establishing or protecting those rights.

Civil penalty provision

- (3) An importer is liable to a civil penalty if the importer contravenes subsection (1).

Civil penalty: 100 penalty units.

11 Due diligence requirements—identifying and assessing risk against timber legality framework (optional process)

- (1) This section applies to an importer in relation to the importation of a regulated timber product if:
 - (a) a timber legality framework prescribed in Part 1 of Schedule 2 applies to the timber in the product, or the area in which the timber is harvested; and
 - (b) the importer elects to use the procedures in subsection (2).
- (2) The importer must, before importing the product:
 - (a) assess whether the information and evidence obtained by the use of the framework is accurate and reliable; and

- (b) identify and assess, by the use of the framework and consideration of the information gathered in accordance with subsection 10(1), whether there is a risk that the product is, is made from, or includes, illegally logged timber; and
- (c) in the identification and assessment of risk mentioned in paragraph (b), consider any other information the importer knows, or ought reasonably to know, that may indicate whether the product is, is made from, or includes, illegally logged timber; and
- (d) make a written record of the identification and assessment undertaken in accordance with this section.

Civil penalty provision

- (3) An importer is liable to a civil penalty if the importer contravenes subsection (2).

Civil penalty: 100 penalty units.

12 Due diligence requirements—identifying and assessing risk against country specific guidelines (optional process)

- (1) This section applies to an importer in relation to the importation of a regulated timber product if:
 - (a) a country specific guideline prescribed in Part 2 of Schedule 2 applies to the timber in the product, or the area in which the timber is harvested; and
 - (b) the importer elects to use the procedures in subsection (2).
- (2) The importer must, before importing the product:
 - (a) assess the information gathered in accordance with subsection 10(1), by the use of the guideline; and
 - (b) identify and assess, by the use of the guideline and consideration of the information gathered in accordance with subsection 10(1), whether there is a risk that the product is, is made from, or includes, illegally logged timber; and
 - (c) in the identification and assessment of risk mentioned in paragraph (b), consider any other information the importer

knows, or ought reasonably to know, that may indicate whether the product is, is made from, or includes, illegally logged timber; and

- (d) make a written record of the identification and assessment undertaken in accordance with this section.

Civil penalty provision

- (3) An importer is liable to a civil penalty if the importer contravenes subsection (2).

Civil penalty: 100 penalty units.

**13 Due diligence requirements—identifying and assessing risk
(alternative to sections 11 and 12)**

- (1) This section applies to an importer in relation to the importation of a regulated timber product if:

- (a) the importer does not elect to use the procedures in subsection 11(2) or 12(2); or
- (b) the importer:
- (i) elects to use the procedures in subsection 11(2) or 12(2); and
 - (ii) is unable, by the use of those procedures, to identify no risk or a low risk that the regulated timber product is, is made from, or includes, illegally logged timber.

- (2) The importer must, before importing the product:

- (a) identify and assess the risk that the regulated timber product is, is made from, or includes, illegally logged timber by:
- (i) assessing the information gathered in accordance with subsection 10(1); and
 - (ii) considering the factors mentioned in subsection (3); and
- (b) make a written record of the assessment and risk identification process undertaken in accordance with this section.

- (3) For subparagraph (2)(a)(ii), the factors are the following:
-

- (a) the prevalence of the following:
 - (i) illegal logging in general in the area in which the timber in the product is harvested;
 - (ii) illegal harvesting in the area of the species of tree from which the timber in the product is derived;
 - (iii) armed conflict in that area;
- (b) the complexity of the product;
- (c) any other information the importer knows, or ought reasonably to know, that may indicate whether the product is, is made from, or includes, illegally logged timber.

Civil penalty provision

- (4) An importer is liable to a civil penalty if the importer contravenes subsection (2).

Civil penalty: 100 penalty units.

14 Due diligence requirements—risk mitigation

- (1) This section applies to an importer in relation to the importation of a regulated timber product if:
 - (a) section 13 applies in relation to the product; and
 - (b) the importer has identified a risk that the product may be, may be made from, or may include, illegally logged timber; and
 - (c) the risk is not a low risk.
- (2) The importer must, before importing the regulated timber product:
 - (a) conduct a risk mitigation process that is adequate and proportionate to the identified risk; and
 - (b) make a written record of the risk mitigation process undertaken in accordance with this section.
- (3) The risk mitigation process may include the following steps:
 - (a) obtain further information about the product, including any certification or independent assessment in relation to the product;

Part 2 Importing

Division 2 Due diligence requirements for importing regulated timber products

Section 15

- (b) reassess the risk that the product may be, may be made from, or may include, illegally logged timber, including by using the procedures in subsection 11(2), 12(2) or 13(2);
- (c) not import the product.

Civil penalty provision

- (4) An importer is liable to a civil penalty if the importer contravenes subsection (2).

Civil penalty: 100 penalty units.

15 Due diligence requirements—provision of information to Secretary

Secretary may request information

- (1) The Secretary may request information from an importer about:
 - (a) the importer's due diligence system in place at the time of the import of a regulated timber product; and
 - (b) the importer's compliance with the requirements of the importer's due diligence system in relation to the import of the regulated timber product.
- (2) The request must:
 - (a) be in writing; and
 - (b) include a date for compliance which is at least 28 days after the date of the request.

Importer to comply with request for information

- (3) The importer must provide to the Secretary, in writing, the information requested by the date specified in the request.

Civil penalty provision

- (4) An importer is liable to a civil penalty if the importer contravenes subsection (3).

Civil penalty: 100 penalty units.

16 Due diligence requirements—records

- (1) An importer must keep a record mentioned in the following table for the period specified for the record.

Due diligence records			
Item	Kind of record	Relevant provision	Period for retention of record
1	Written record of importer's due diligence system in place at the time of the import of each regulated timber product	Paragraph 9(2)(e)	5 years from the day the product is imported
2	Information gathered by an importer about a regulated timber product	Section 10	5 years from the day the product is imported
3	Record of the identification of risk against a timber legality framework or a country specific guideline for a regulated timber product	Paragraph 11(2)(d) or 12(2)(d)	5 years from the day the product is imported
4	Record of the assessment and risk identification process undertaken by an importer in relation to a regulated timber product	Paragraph 13(2)(b)	5 years from the day the product is imported
5	Record of the risk	Paragraph 14(2)(b)	5 years from the day

Civil penalty: 100 penalty units.

Part 3—Processing

Division 1—Due diligence requirements for processing raw logs

17 Purpose of Division 1

For subsection 18(1) of the Act, this Division prescribes the due diligence requirements for processing a raw log into something other than a raw log.

18 Processor to have due diligence system

- (1) A processor must, before processing a raw log, have a due diligence system.
- (2) For subsection (1), the due diligence system must:
 - (a) be in writing; and
 - (b) set out the process by which the processor will meet the due diligence requirements mentioned in this Division that apply to the processing of the raw log; and
 - (c) contain the following information:
 - (i) the processor's business or company name and ACN or ABN;
 - (ii) the processor's street address and postal address;
 - (iii) the principal business activity conducted by the processor; and
 - (d) include the following information about the person responsible for maintaining the system:
 - (i) the person's name and position;
 - (ii) the person's contact details, including telephone number and email address; and
 - (e) include a written record of the system.

Part 3 Processing

Division 1 Due diligence requirements for processing raw logs

Section 19

Civil penalty provision

- (3) A processor is liable to a civil penalty if the processor contravenes subsection (1).

Civil penalty: 100 penalty units.

19 Due diligence requirements—gathering information

- (1) A processor must, before processing a raw log, obtain as much of the information about the raw log mentioned in subsection (2) as it is reasonably practicable for the processor to obtain.
- (2) The information is the following:
- (a) a description of the raw log, including:
 - (i) the common name, genus or scientific name of the tree from which the raw log is derived; and
 - (ii) the area in which the raw log is harvested, including the State or Territory and the forest harvesting unit;
 - (b) the name, address, trading name, business and company registration number (if any) of the supplier of the raw log;
 - (c) the quantity of raw logs to be processed, expressed in volume, weight or number of units;
 - (d) the documentation provided, or that will be provided, by the supplier in relation to the purchase of the raw log;
 - (e) if a timber legality framework applies to the raw log, or the area in which the raw log is harvested—a copy of the licence or certificate issued to the harvester of the raw log, or other relevant person in relation to the raw log, that provides evidence of compliance with the standards or requirements of the framework;
 - (f) if a State specific guideline applies to the raw log, or the place in which the raw log is harvested—the information or evidence (such as a certificate, licence or other document) relating to the raw log that the guideline requires the processor to obtain;
 - (g) evidence that the raw log has not been illegally logged, which may include evidence about:

- (i) whether the harvesting of the species of tree from which the raw log is derived is prohibited in the place where the raw log has been harvested; and
- (ii) if the harvesting of the raw log in the place is authorised by legislation (including regulations)—whether the requirements of the legislation have been met for the harvesting of the raw log; and
- (iii) if payment is required for the right to harvest the raw log—whether that payment has been made; and
- (iv) if a person has legal rights of use and tenure in relation to the place in which the raw log is harvested—whether the harvest of the raw log is inconsistent with the law establishing or protecting those rights.

Civil penalty provision

- (3) A processor is liable to a civil penalty if the processor contravenes subsection (1).

Civil penalty: 100 penalty units.

20 Due diligence requirements—identifying and assessing risk against timber legality framework (optional process)

- (1) This section applies to a processor in relation to the processing of a raw log if:
 - (a) a timber legality framework prescribed in Part 1 of Schedule 2 applies to the raw log, or the area in which the raw log is harvested; and
 - (b) the processor elects to use the procedures in subsection (2).
- (2) The processor must, before processing the raw log:
 - (a) assess whether the information and evidence obtained by the use of the framework is accurate and reliable; and
 - (b) identify and assess, by the use of the framework and consideration of the information gathered in accordance with subsection 19(1), whether there is a risk that the raw log is illegally logged; and

Part 3 Processing

Division 1 Due diligence requirements for processing raw logs

Section 21

- (c) in the identification and assessment of risk mentioned in paragraph (b), consider any other information the processor knows, or ought reasonably to know, that may indicate whether the raw log is illegally logged; and
- (d) make a written record of the identification and assessment undertaken in accordance with this section.

Civil penalty provision

- (3) A processor is liable to a civil penalty if the processor contravenes subsection (2).

Civil penalty: 100 penalty units.

21 Due diligence requirements—identifying and assessing risk against State specific guidelines (optional process)

- (1) This section applies to a processor in relation to the processing of a raw log if:
 - (a) a State specific guideline prescribed in Part 3 of Schedule 2 applies to the raw log, or the area in which the raw log is harvested; and
 - (b) the processor elects to use the procedures in subsection (2).
- (2) The processor must, before processing the raw log:
 - (a) assess the information gathered in accordance with subsection 19(1), by the use of the guideline; and
 - (b) identify and assess, by the use of the guideline and consideration of the information gathered in accordance with subsection 19(1), if there is a risk that the raw log is illegally logged; and
 - (c) in the identification and assessment of risk mentioned in paragraph (b), consider any other information the processor knows, or ought reasonably to know, that may indicate whether the raw log is illegally logged; and
 - (d) make a written record of the identification and assessment undertaken in accordance with this section.

Civil penalty provision

- (3) A processor is liable to a civil penalty if the processor contravenes subsection (2).

Civil penalty: 100 penalty units.

**22 Due diligence requirements—identifying and assessing risk
(alternative to sections 20 and 21)**

- (1) This section applies to a processor in relation to the processing of a raw log if:
- (a) the processor does not elect to use the procedures in subsection 20(2) or 21(2); or
 - (b) the processor:
 - (i) elects to use the procedures in subsection 20(2) or 21(2); and
 - (ii) was unable, by the use of those procedures, to identify no risk or a low risk that the raw log is illegally logged.
- (2) The processor must, before processing the raw log:
- (a) identify and assess the risk that the raw log is illegally logged by:
 - (i) assessing the information gathered in accordance with subsection 19(1); and
 - (ii) considering the factors mentioned in subsection (3); and
 - (b) make a written record of the assessment and risk identification process undertaken in accordance with this section.
- (3) For subparagraph (2)(a)(ii), the factors are the following:
- (a) the prevalence of illegal logging in general in the area in which the raw log is harvested;
 - (b) the prevalence of illegal harvesting in the area of the species of tree from which the raw log is derived;

Part 3 Processing

Division 1 Due diligence requirements for processing raw logs

Section 23

- (c) any other information the processor knows, or ought reasonably to know, that may indicate whether the raw log is illegally logged.

Civil penalty provision

- (4) A processor is liable to a civil penalty if the processor contravenes subsection (2).

Civil penalty: 100 penalty units.

23 Due diligence requirements—risk mitigation

- (1) This section applies to a processor in relation to the processing of a raw log if:
 - (a) section 22 applies in relation to the raw log; and
 - (b) the processor has identified a risk that the raw log may be illegally logged; and
 - (c) the risk is not a low risk.
- (2) The processor must, before processing the raw log:
 - (a) conduct a risk mitigation process that is adequate and proportionate to the identified risk; and
 - (b) make a written record of the risk mitigation process undertaken in accordance with this section.
- (3) The risk mitigation process may include the following steps:
 - (a) obtain further information about the raw log, including any certification or independent assessment in relation to the raw log;
 - (b) reassess the risk that the raw log may be illegally logged, including by using the procedures in subsection 20(2), 21(2) or 22(2);
 - (c) not process the raw log.

Civil penalty provision

- (4) A processor is liable to a civil penalty if the processor contravenes subsection (2).

Civil penalty: 100 penalty units.

24 Due diligence requirements—provision of information to Secretary

Secretary may request information

- (1) The Secretary may request information from a processor about:
- (a) the processor's due diligence system in place at the time of the processing of a raw log; and
 - (b) the processor's compliance with the requirements of the processor's due diligence system in relation to the processing of the raw log.
- (2) The request must:
- (a) be in writing; and
 - (b) include a date for compliance which is at least 28 days after the date of the request.

Processor to comply with request for information

- (3) The processor must provide to the Secretary, in writing, the information requested by the date specified in the request.

Civil penalty provision

- (4) A processor is liable to a civil penalty if the processor contravenes subsection (3).

Civil penalty: 100 penalty units.

Part 3 Processing

Division 1 Due diligence requirements for processing raw logs

Section 25

25 Due diligence requirements—records

(1) A processor must keep a record mentioned in the following table for the period specified in the item.

Due diligence records			
Item	Kind of record	Relevant provision	Period for retention of record
1	Written record of processor's due diligence system in place at the time of processing of each raw log	Paragraph 18(2)(e)	5 years from the day the raw log is processed
2	Information gathered by a processor about a raw log	Section 19	5 years from the day the raw log is processed
3	Record of the identification of risk against a timber legality framework or a state specific guideline for a raw log	Paragraph 20(2)(d) or 21(2)(d)	5 years from the day the raw log is processed
4	Record of the assessment and risk identification process undertaken by a processor in relation to a raw log	Paragraph 22(2)(b)	5 years from the day the raw log is processed
5	Record of the risk mitigation process undertaken by a processor in relation to a raw log	Paragraph 23(2)(b)	5 years from the day the raw log is processed

Part 4—Monitoring, investigation and enforcement

Division 4—Inspectors

26 Identity cards

For paragraph 20 (2) (a) of the Act, an identity card must display the following:

- (a) a statement that the cardholder is an inspector appointed under the Act;
- (b) the unique identifying number assigned to the inspector by the Secretary;
- (c) the date of expiry of the inspector's appointment as an inspector under the Act.

Note: Paragraph 20 (2) (b) of the Act requires the card to contain a recent photograph of the inspector.

Schedule 1—Regulated timber products

Note: See section 5.

1 Regulated timber products

- (1) The following timber products are prescribed:
- (a) if the number for an item in column 1 of the table is a 4-digit number—all of the timber products listed under that heading in Schedule 3 to the *Customs Tariff Act 1995*, as in force from time to time;
 - (b) if the number for an item in column 1 of the table is longer than a 4-digit number—the timber products listed under that heading or subheading in Schedule 3 to the *Customs Tariff Act 1995*, as in force from time to time.
- (2) A reference to a timber product has the meaning that the timber product has in the *Customs Tariff Act 1995*, as in force from time to time.

Endnotes

Endnote 1—About the endnotes

The endnotes provide information about this compilation and the compiled law.

The following endnotes are included in every compilation:

Endnote 1—About the endnotes

Endnote 2—Abbreviation key

Endnote 3—Legislation history

Endnote 4—Amendment history

Endnotes about misdescribed amendments and other matters are included in a compilation only as necessary.

Abbreviation key—Endnote 2

The abbreviation key sets out abbreviations that may be used in the endnotes.

Legislation history and amendment history—Endnotes 3 and 4

Amending laws are annotated in the legislation history and amendment history.

The legislation history in endnote 3 provides information about each law that has amended (or will amend) the compiled law. The information includes commencement details for amending laws and details of any application, saving or transitional provisions that are not included in this compilation.

The amendment history in endnote 4 provides information about amendments at the provision (generally section or equivalent) level. It also includes information about any provision of the compiled law that has been repealed in accordance with a provision of the law.

Misdescribed amendments

A misdescribed amendment is an amendment that does not accurately describe the amendment to be made. If, despite the misdescription, the amendment can be given effect as intended, the amendment is incorporated into the compiled law and the abbreviation “(md)” added to the details of the amendment included in the amendment history.

If a misdescribed amendment cannot be given effect as intended, the amendment is set out in the endnotes.
